

Rocklyn Merino Stud

FLOCK No. 501039 & 601505

EST. 1938

ON PROPERTY RAM SALE

Thursday 12th September 2019

60 Merinos and Poll Merinos

under cover at 'Elon' 343 Barker's Rd, Greenethorpe NSW

Inspections from 10am - Sale at 1pm

Refreshments and lunch provided at the sale

Rocklyn breeds plain bodied, heavy cutting sheep in the 19-20 micron range that have high fertility and good early growth rates. Emphasis is placed on producing a long stapled, bright, soft handling wool that is well nourished with good crimp definition.

Rocklyn participates in sire evaluations to benchmark the performance of its genetics and submits data to Sheep Genetics. ASBVs for the sale rams will be included in the sale catalogue.

The 2019 hogget sale rams include horned rams sired by Rocklyn and Woodyarrup and poll rams sired by Rocklyn, Anderson, Poll Boonoke, Bundilla, Centre Plus, Roemahkita, Leahcim and Glenlea Park rams through Rocklyn's AI program.

Private ram sales will commence in mid-September after the ram sale.

Please contact Ralph for a sale catalogue or view it online from late August at
